

Lost Clara Kitten

This lovely kitten, aged about 15 weeks is very friendly and obviously well used to being loved and looked after. How did it come, then, that she was found on the railway embankment in Clara, last week-end looking very lost and lonely? That's a mystery. There could be a family out there searching for their pet.

She is now in the care of the Offaly SPCA and if she is not claimed by her owner she will have her paw up for adoption within the next few days. Inquiries to: 086-3785584.
